Agile Scrum Group is a Dutch agile consultancy providing training and advisory services. Primary model: training sessions + occasional short advisory assignments at diverse clients (small and large, non-IT environments). Workspace at ScaleHub Amsterdam; home office also possible.

B) MATCH WITH CV

JD REQUIREMENT	CV EVIDENCE	STRENGTH
Product Owner coaching experience	PSPO I certified; PO coaching at Aeres (docenten als PO's in sprint-cyclus); Windesheim team facilitation	Moderate
Design Thinking facilitation	Beer Game co-creation methodology; Aeres curriculum design from problem; VCH co-creation design	Moderate - practice without DT cert
Lean Startup methodology	COTIT startup structuring; Spark! Lab MVP-and-iterate approach; Viridis innovation lab	Moderate - applied, not certified

Gaps: 1. **Training-first model** - Christiaan is a builder and lab leader, not primarily a trainer. Agile Scrum Group's core revenue is training sessions. Identity mismatch: Christiaan designs environments where others learn, but does not make a living running PO/DT workshops. 2. **No formal Design Thinking certification** - No IDEO DT cert, no d.school credential. Mitigation: demonstrable design practice. 3. **Standing vacancy risk** - consultancy.nl listed this posting in Oct 2022. May be evergreen or closed. Verify before investing application effort. 4. **Salary unknown** - Cannot assess comp fit.

C) LEVEL AND STRATEGY

Level: Experienced practitioner/senior consultant. Role rewards credibility + breadth.

Sell: Lead with Beer Game (game-based PO training, 4 institutions) and Aeres SafeScrum transformation (Design Thinking in practice without the label). Frame as practitioner who builds what others teach about.

G) POSTING LEGITIMACY

Assessment: Uncertain - Page loads, content present. But consultancy.nl listed this in October 2022 - may be a standing/evergreen vacancy. Contact directly to verify before applying.
