

Evaluation: PBLQ - Ontwerpgerichte Adviseur (medior/senior)

Date: 2026-06-06 **URL:** <https://pblq.nl/ontwerpgerichte-adviseur/> **Archetype:** Learning Experience Designer + Research Infrastructure Strategist **Score:** 3.6/5 **Legitimacy:** High Confidence **PDF:** pending

A) ROLE SUMMARY

FIELD	VALUE
Archetype	Design-oriented public sector advisor
Domain	Public sector / complex challenges / design thinking
Function	Design + advise + lead projects independently
Seniority	Medior/Senior (~5 years)
Remote	Hybrid - Den Haag
Team size	Team of 5 design-oriented advisors
TL;DR	Lead multidisciplinary projects for public sector clients using design-oriented approach - from problem analysis through concrete solution delivery

Hours/Comp: Not specified; market-rate boutique advisory **Apply via:** werkenbij@pblq.nl **Contact:** Anne Graas, a.graas@pblq.nl

Design-oriented advising is a formal practice at PBLQ. Team of 5 works on complex public sector challenges with design methodology. "Arrive at concrete solutions by working methodically from the problem."

B) MATCH WITH CV

JD REQUIREMENT	CV EVIDENCE	STRENGTH
~5 years advisory/researcher experience	Windesheim PM 2020-present + Aeres + COTIT + Social Chicken portfolio = 10+ years	Strong
Design-oriented problem-solving	Beer Game: simulation design from problem definition to working prototype; Aeres SafeScrum: curriculum transformation designed from scratch; VCH: co-creation methodology designed for cross-sector consortium	Strong
Multidisciplinary projects	COVID-19 Megaproject (5 faculties, 8 departments); VCH (logistics + NGO + government + academia)	Very Strong
Methodical from the problem	KONGSBERG thesis methodology (empirical, problem-first); evidence-based practice	Strong
Concrete solutions	Aeres: 2 operational startups; Beer Game: running at 4 institutions; Spark! Lab: deployed and operational	Strong

Gaps: 1. **Public sector advisory identity** - Same as #123: Christiaan is more builder than consultant by identity. Mitigation: frame as "design practitioners who deliver." 2. **"Researcher" background** - PBLQ positions this as

researcher-adjacent. Christiaan has evidence-based practice but not formal research role. 3. **Design methodology certification** - No formal Design Thinking certification. Mitigation: demonstrable design practice (Beer Game design, curriculum design, simulation design).

C) LEVEL AND STRATEGY

Level: Medior/Senior. Christiaan meets 5yr experience comfortably. Strong on multidisciplinary and design-practice proof.

Sell: Lead with Aeres SafeScrum transformation (design from problem to working system) and VCH co-creation design. These ARE design-oriented advisory work.

G) POSTING LEGITIMACY

Assessment: High Confidence - Ongoing, stable firm.
