A) ROLE SUMMARY

FIELD	VALUE
Archetype	EU Program Manager / Innovation Ecosystem Builder
Domain	Innovation / energy transition / sustainability / regional economy
Function	Develop + manage + guide EU-funded programs and consortia
Seniority	Senior (4+ years EU project exp required)
Remote	Hybrid - Eindhoven / Utrecht / Den Haag
Team size	ERAC team across 3 offices
TL;DR	Build and manage European innovation programs for governments, knowledge institutions and companies - translate client wishes into executable EU-funded programs, guide consortia

Hours/Comp: 32-40h/week, market-rate (not specified) **Apply via:** Send LinkedIn + motivation to ERAC; 48h response for telephone intake **Domains:** Innovation, energy transition, sustainable development, agriculture, life sciences & health, data technology

ERAC helps governments, knowledge institutions and companies with challenges in sustainability, innovation, regional economy, energy transition and Europe. They manage EU-funded project portfolios.

B) MATCH WITH CV

JD REQUIREMENT	CV EVIDENCE	STRENGTH
4+ years EU project experience	VCH: cross-European scope consortium (EU-adjacent funding); Viridis: EU subsidietrajecten co-authored; COVID-19 Megaproject (government-funded research)	Moderate - EU-adjacent, not named EU grant PM
Translate client wishes into executable programs	COVID-19 Megaproject: 8 departments to 1 output; VCH: consortium vision to operational program; COTIT: client need to structured plan	Strong
Finance complex EU projects and programs	Spark! Lab: self-funded then grant co-authorship; Viridis EU grants; VCH co-financing	Moderate
Guide consortia	VCH: 4 European partner consortium guided; Tonomy: international developer consortium	Strong
Innovation / sustainability domains	VCH: CSRD/EUDR supply chain compliance (exact domain); Viridis: green-tech sustainability	Very Strong

JD REQUIREMENT	CV EVIDENCE	STRENGTH
Regional economy / energy transition	VCH: agricultural and logistics value chains; adjacent but not direct energy domain	Moderate
Client network development	Social Chicken: 6yr client portfolio; Windesheim: multi-institutional partner management	Strong

Gaps: 1. **Named EU project coordinator experience** - Christiaan has EU-adjacent and co-authorship experience but has not been formal project coordinator on H2020/Horizon Europe. Hard gap for a 4yr req. Mitigation: frame as "delivered EU-scope programs under different labels." 2. **Eindhoven as primary location** - From Baarn = ~70min. Utrecht office is better (~40min). Clarify which office in application. 3. **Life sciences / agriculture domains** - VCH has agricultural (Wageningen-adjacent) angle; Aeres is agricultural education. Partial coverage.

C) LEVEL AND STRATEGY

Level: Senior EU program manager. 4yr requirement met by EU-adjacent experience but gap on formal EU PM title.

Sell: Lead with VCH as closest proof (cross-European, consortium-guided, sustainability domain). Viridis EU subsidy co-authorship as financial track record. COVID-19 as complex multi-stakeholder program management.

If they downlevel: Accept if Utrecht office is primary and salary is competitive.

D) COMP AND DEMAND

Market-rate for senior EU PM in NL: €4,500-€7,000/month. Target is €5,417-€7,500. Likely within range but not confirmed.

G) POSTING LEGITIMACY

Assessment: High Confidence - Confirmed live on erac.nl and consultancy.nl.
